***... Profit Center Marketing will help!***

Hi, my name is Daniel Stouffer. I'm an inbound marketing professional, author, online marketing specialist, and the creator of the "Profit Center Marketing" strategy.

I specialize in helping people overcome online marketing issues and turn them into increased brand awareness so they can enjoy a thriving community, a stronger brand, and more lucrative marketing results.

## **What if YOU had an Inbound Marketing Coach?**

**Working with others to achieve a goal is NOT a sign of individual weakness!** In fact, getting insight, fresh perspectives, and motivation from impartial observers/third parties could be just what you need to overcome any stubborn problems you may have.

It's no coincidence that most of the world's successful people, from elite athletes to captains of industry, credit their success to others that helped along the way.

### **I've Been Helping People Overcome Marketing Problems for the Past 15 Years**

I decided to become a professional Profit Center Marketing coach after more than a decade of watching it work for ambitious businesses.

I've undergone rigorous training, earning a number of coaching credentials which probably won't impress you but they've made my job far easier.

Sure, my work has been recognized by companies I helped to achieve new heights, and I've received plenty of admiration along the way. But, at the end of the day here's what I know:

### **What Impresses You Are Results, Right? Ones You Can Measure!**

My clients come from varying backgrounds, and have a multitude of educational, career, and life experiences.

But the one thing they have in common is the desire to succeed!

Here are a few case studies of people I've helped to expand their brand, turn marketing budgets into revenue streams, and generate traffic/leads that to some would think sounds ridiculous.
